I. Manchester NEWS FLASH 2011-23: Vacancies Needed for Displaced Residents

There have been many residents in HUD assisted properties displaced along the East Coast. HUD Manchester has been asked to compile an inventory of vacant units in our region that could possibly be used to shelter displaced residents should there remain long term relocations. Please help us meet this urgent request from our disaster response team.

A table is provided below for data concerning vacancies. Please reply to this message using reg1damage.report@hud.gov . It would be very helpful in HUD's attempt to assist residents impacted by the storm.

The Boston HUD office has to report this information on Thursday morning so a quick response will be greatly appreciated. If the cells in the table below are not accessible then a list with all the requested data will do.

Thank you for this much needed assistance.
