Use of Applicant Power Source:

Based on the Maine Weatherization Standard Guidelines developed and administered by MaineHousing, Contractors are allowed use of an Applicant's direct power source for administering weatherization measures with written permission. By signing this, I, as the eligible Applicant or Owner (landlord) give permission to the Contractor to use my power source from one of the approved methods noted below. By signing this, I grant the Contractor use of my power but can in no way charge for services used.

Approved methods for power use:

- direct plug into a 110 volt manufactured UL approved plug
- direct plug into an existing 220 volt manufactured approved plug for the range or dryer
- must use a UL approved power cord and plug that matches the configuration of the existing outlet

At no time shall the Contractor modify/alter any plug, outlet, or power cord, or directly access power through the service panel.

Contractor to provide their own power source: The Contractor will not use the Applicant's power source.
