MaineHousing is moving their subsidized rental lists from a PDF list to the online platform MaineHousingSearch.

MaineHousingSearch.org is a FREE service funded by MaineHousing to provide current information about rental housing across the state of Maine. Property providers can use this service to advertise properties with detailed listings to help both you and prospective tenants quickly find the right match and avoid unnecessary calls.

All listings have full details about the property, including handicap features, pictures, map links, unit features and information about nearby amenities like parks, schools and hospitals.

MaineHousingSearch can be accessed online or via toll-free phone and fax and is supported by a toll-free bilingual call center.

Still want to list on Craigslist? Not a problem. Once you've entered a property on MaineHousingSearch you can generate your Craigslist ad with just the click of a button.

With MaineHousingSearch.org you can:

- Add and update listings via the internet or with a toll-free phone call.
- Indicate whether a listing is currently available or waitlisted.
- Avoid extra calls by removing listings from public view immediately when rented.
- Have trained call center staff assist potential tenants with locating your listings.
- Easily manage a detailed online inventory of your units.
- Use your participation as part of your fair housing plan.
