

Application to Participate in Central Maine Power Company's Electricity Lifeline Program (ELP)

The Electricity Lifeline Program (ELP) is a program that provides financial assistance to qualifying low-income CMP customers who pay a significant percentage of their income for electricity.

Your eligibility for this program has not yet been determined. If you are found eligible, you will receive a credit on your electric bill. You are responsible for payment of all charges over the credit amount. You are also responsible for payment of all charges owed before enrollment in the program.

I hereby agree and consent to the following:

- a)** Information on my Home Energy Assistance Program (HEAP) application may be provided to CMP to determine my eligibility for this program.
- b)** Information regarding the amount of electricity used in my household may be provided to the Community Action Agency and to Maine State Housing Authority (MSHA) by CMP.
- c)** CMP will notify me if I am found eligible to participate in the ELP.
- d)** I must accept all no-cost energy management measures and services proposed by CMP for my dwelling unless I am a renter and my landlord withholds any required consent.
