Program Guide

Overview & Purpose

The mission of MaineHousing is to assist Maine people in obtaining and maintaining quality affordable housing and services suitable to their housing needs. In carrying out this mission, MaineHousing provides leadership, maximizes resources, and promotes partnerships to develop and implement sound housing policy.

MaineHousing uses funds from certain federal and state resources to give grants to agencies for a variety of activities to assist people who are experiencing homelessness or who are at risk of experiencing homelessness. MaineHousing has allocated resources to the Emergency Shelter and Housing Assistance Program (ESHAP) to be distributed according to the Funding Formula Allocation outlined in this Program Guide and the Application for ESHAP. Further information regarding ESHAP can also be found in the Homeless Solutions Rule (the “Rule”), which is available electronically at: <http://www.mainehousing.org/docs/default-source/msha-rules/19--homeless-solutions-rule.pdf>

This Program Guide and the corresponding Application outlines the process through which these funds will be distributed, the parameters of the activities that they can support, and the process to apply for funding. Capitalized terms have the same meaning as in the Rule unless context indicates otherwise.

ESHAP grantees can receive funding through the three funding components that make up the award: the Shelter Operations Share, the Housing Stabilization Share and the Performance Share. MaineHousing also allocates Rapid Re-housing and permanent rental subsidies to ESHAP Shelters through vouchers. These vouchers are: Stability Through Engagement Program/Tenant Based Rental Assistance (STEP/TBRA) Vouchers and Home to Stay/Housing Choice Vouchers (HTS/HCV). Each of these vouchers have Administrative Plans which detail their usage and are available electronically at <https://www.mainehousing.org/docs/default-source/rental/2023-hcv-administrative-plan.pdf> and <https://www.mainehousing.org/docs/default-source/homeless/homeless-initiatives/step/step-resources/2023-step-administrative-plan.pdf>

All ESHAP funds must be targeted to individuals and families that meet the definition of homeless outlined in 24 C.F.R. § 576.2. MaineHousing has designed ESHAP and tailored its monitoring of ESHAP to ensure its grantees are in compliance with all listed funding sources. Housing vouchers and subsidies are always subject to the availability of funds.

MaineHousing has also made Supportive Housing and Emergency Shelter Repair Program Funds available to current ESHAP grantees in good standing. The purpose of this funding is to assist Emergency Shelters in addressing physical plant deficiencies and/or issues in need of correction. Application to this funding must be made separately and details are available at <https://www.mainehousing.org/programs-services/housing-development/developmentdetails/supportive-housing-emergency-shelter-repair-program>

Funding Allocation & Eligible Activities

ESHAP funds will be distributed as follows:

Shelter Operations Share:

An amount equal to 45% of the Funding Formula Allocation will be disbursed among Emergency Shelters, such that each Emergency Shelter will receive a percentage equal to its Bed Capacity divided by a number equal to the total Bed Capacity available statewide for the calendar year. MaineHousing will review the number of beds reported, along with occupancy data to ensure that bed utilization is commensurate with

community need. If a persistent discrepancy is observed, MaineHousing, at its sole discretion, reserves the right to reduce the number of funded beds.

Eligible Activities: The costs of maintenance (including minor or routine repairs), rent, security, fuel, equipment, insurance, utilities, food, furnishings, supplies and staff necessary for the operation of the Emergency Shelter.

Disbursement: Quarterly

Housing Stabilization Share:

An amount equal to 45% of the Funding Formula Allocation will be disbursed among eligible agencies, such that each agency providing staffing for Rapid Re-housing, Housing First and Housing Stabilization services operated by the agency will be eligible to receive a percentage equal to the agency's total number of Clients Assessed and Stabilized, divided by the total number of Clients Assessed and Stabilized statewide. The number of Clients Assessed and Stabilized will be based upon the most recent four quarters of data available to MaineHousing at the start of the grant year.

New Grantees: If an agency or program has not received ESHAP funds for the full four quarters prior to the grant period starting, MaineHousing will utilize the available data for that program to extrapolate a full four quarters. That extrapolated data will be used to determine the Stabilization share for that program.

Eligible Activities: Navigator staffing, including at least one staff designated and trained as the Primary Navigator for your agency. The Primary Navigator should attend, or complete e-learning training, specific to navigator services. This person will be the primary point of contact regarding Navigator services for the ESHAP grantee. The Primary Navigator will coordinate messaging from MaineHousing staff to the rest of their agency in regards to navigator services and program delivery requirements.

Additional Criteria: Although each agency will have a Primary Navigator, other staff within the agency may provide navigator services to eligible households that can be reimbursable through the Housing Stabilization Share. Navigator services must be provided for by the agency receiving the funds. Eligible households must meet the criteria under paragraph (1) of the “homeless” definition in 24 C.F.R. § 576.2 or under paragraph (4) of the “homeless” definition and live in an emergency shelter or other place described in paragraph (1) of the “homeless” definition. Navigator services must include assessment with housing prioritization tools, 30 day check-ins and Housing Stability Plans, as well as housing navigation and stabilization services.

Disbursement: Quarterly

Assessments

Clients may be assessed using the common assessment tools which are designated by MaineHousing and the Maine Continuum of Care. Clients whose assessment results deem them ineligible for Navigator Services should not be enrolled, while clients with eligible assessment results will be entered into the agency’s Navigator Services program. Documentation of enrollment or non-enrollment should be retained in the client file. Detailed information about the common assessment tools and appropriate housing interventions are provided in the Navigator Services Guide found under the ESHAP heading at <https://mainehousing.org/partners/partner-type/homeless-service-providers/homeless-initiatives>.

Monthly Check-Ins and Housing Stability Plans

Every client enrolled in ESHAP services must have a Housing Stability Plan based on the needs found in the common assessments. The Housing Stability Plan should be updated during at 30 day check-in to assess the progress and address any additional needs. A new Housing Stability Plan should be created every 90 days.

Housing Navigation and Stabilization

Clients should be given Housing Navigation services after their enrollment in Navigator Services. The Navigators should apply for appropriate subsidies and housing based on the assessment result recommendations for the client. All documentation of housing work including housing applications, mainstream and housing referrals, documentation applications, leases, etc. should be kept in the client's file to show on-going navigation efforts. Evidence that the RentSmart curriculum is being offered must be present either in client files or posted in agency facilities. After the client is housed, on-going Housing Stabilization services are expected to continue for no less than one year. Clients who are not receiving subsidy through a STEP or Home to Stay voucher have the option to opt out of Housing Stabilization services; any decision to opt out must be noted in the client file.

Ending Services

The manner and date of a client's exit from programs must in all cases be documented in the client file, and HMIS or comparable database.

If a client is terminated from the program, the client should be provided with a letter clearly stating the reason for the termination and the process to appeal the decision. A copy of the termination letter and any other appeal documentation must be included in the client file. Shelter Operations and Navigator Services are considered separate activities, and any termination from either must be documented, regardless of the client's status with another activity.

Protections under VAWA: Sub-recipients are exempt from service and stability plan requirements if the Violence Against Women Act of 1994 (42 U.S.C. 13701 et seq.) or the Family Violence Prevention and Services Act (42 U.S.C. 10401 et seq.) prohibits that recipient or sub-recipient from making its shelter or housing conditional on the participant's acceptance of services.

Disbursement: Quarterly

Performance Share:

An amount equal to 10% of the Funding Formula Allocation will be allocated among eligible applicants that in the previous 6 months maintained or increased their data quality for the following data points: Date of Birth, Race, Veteran Status, Destination, Relationship to Head of Household, and Client Location. In January and July of each year, Maine HMIS will report to each eligible applicant their error rate for each of those data points. Victim Service Providers will report from their comparable database. At the conclusion of the six month period, any eligible applicant whose data error rate is equal to or less than it was at the beginning of the period, will be eligible for a portion of Performance Share funds equal to the percentage of the number of Clients Assessed and Stabilized by the eligible applicant, divided by the number of Clients Assessed and Stabilized by all eligible applicants. The HMIS team at MaineHousing will provide instructions for running and submitting the ESHAP Data Quality report at the time reporting is due.

Eligible Activities: Any purpose consistent with the providers' mission and not otherwise prohibited by state or federal regulations or laws.

Disbursement: The Performance Share is awarded semi-annually with the Operations and Stabilization disbursements. The share is based on performance in January 1- June 30, and July 1 to December 31. The data utilized is from the six-month period that just concluded.

Housing Voucher Rental Subsidies

Staff providing Navigator services will additionally have access to a set aside of Stability Through Engagement Program Vouchers (STEP) and Home To Stay Housing Choice Vouchers (HTS HCV) rental subsidies as resources remain available. Please refer to the Navigator Services Process Guide available

electronically at <http://mainehousing.org/partners/partner-type/homeless-service-providers/homeless-initiatives> for detailed information regarding expectations and processes for the Navigator role, which is integral to utilizing the voucher resources.

Stability Through Engagement Program (STEP)

STEP guidelines, funding sources, and governing regulations are detailed in the STEP Administrative Plan located at <https://www.mainehousing.org/docs/default-source/homeless/homeless-initiatives/step/step-resources/2023-step-administrative-plan.pdf> Providers may access STEP only to the extent that the resources remain available. Grantees will use the funds for rental assistance, utility deposits and security deposits to rapidly re-house families and individuals experiencing homelessness. STEP vouchers may be accessed by ESHAP providers through their Hub's Coordinated Entry process.

Housing Choice Vouchers (HCV)

Home to Stay Housing Choice Vouchers (HTS HCV) will be administered according to federal regulations and MaineHousing policies detailed in the current Administrative Plan for Section 8 Housing Choice Voucher and Project Based Voucher Programs.

MaineHousing makes the final decision on program eligibility, which requires a determination that the current or past behavior of household members does not include activities which are prohibited by HUD or MaineHousing. Upon admission, each family will be required to pay between 30% to 40% of their adjusted total household income for rent in accordance with the individual voucher's administrative plans. All subsidies are only available as funding permits.

Depending upon availability of vouchers, each participating program is allowed up to four households to be searching for housing at any given time. When a program has four households searching, they must wait until one of those households leases up, relinquishes their voucher, or the voucher expires prior to submitting a new application.

Program Performance Standards

In addition to the data quality performance measure, MaineHousing will utilize additional performance metrics to gauge the effectiveness of each grantee, as well as ESHAP as a whole.

Length of time to housing- MaineHousing will review the number of days between program entry and entry into housing. The 2025 benchmark for low barrier shelters is less than or equal to 185 days. The 2025 benchmark for non-low barrier shelters is less than or equal to 145 days.

Exits to Permanent Housing- MaineHousing will review the percentage of each grantee’s participants that exit their programs into permanent housing over the course of the year. The 2025 benchmark for low barrier shelters is greater than or equal to 21%; the 2025 benchmark for non-low barrier shelters is greater than or equal to 50%.

Returns to Homelessness- MaineHousing will review the percentage of each grantee’s participants, who after having exited to a permanent housing destination, subsequently return to homelessness within six months of that exit. The benchmark for low barrier shelters is less than or equal to 5%; the benchmark for non-low barrier shelters is less than or equal to 5%.

Performance benchmarks are set based on currently available data. Should MaineHousing observe significant changes in overall data trends, these benchmarks may be adjusted accordingly. Should individual grantees fall significantly and/or consistently short of these metrics, MaineHousing will follow the compliance and technical assistance process outlined in the section below.

Monitoring Compliance and Technical Assistance

MaineHousing will review for program compliance based on assessment of risk or at least every three years at reasonable times and may copy and examine all of a grantee’s records other than medical or other confidential client information protected by privacy laws except as required by the federal award pursuant to 2 C.F.R. §200.336. MaineHousing will determine the frequency and level of monitoring conducted based on a risk assessment that evaluates each Grantee’s potential risk to the overall grant. Grantees will maintain records sufficient to meet monitoring and auditing requirements of MaineHousing and HUD including, without limitation, daily rosters and client files. Grantees will adhere to uniform administrative requirements as outlined in the code of federal regulations 2 C.F.R. §200, and retain program records for no less than 7 years after participation ends. Grantees will maintain timesheets for staff salaries being charged to ESHAP that specify the amount of time spent on ESHAP activities. MaineHousing will inspect the shelter physical plant for compliance with 24 C.F.R. §576.403 (b) and other MaineHousing requirements. MaineHousing staff will provide grantees with training, technical assistance, monitoring and oversight to ensure program integrity.

Funding is subject to a grantee's compliance with this Program Guide, a Grant Agreement with MaineHousing, and with all applicable federal, state and local laws and ordinances as may be amended from time to time including, without limitation, the Rule, the Maine Housing Authorities Act, 30-A M.R.S., §4701, et. seq., as amended: and the McKinney-Vento Act, as amended by the HEARTH Act.

MaineHousing will review the performance of each grantee in carrying out its responsibilities based on assessment of risk or at least every three years and as otherwise determined by MaineHousing. In conducting performance reviews, MaineHousing will rely primarily on information obtained from the records and reports from grantees, as well as information from monitoring reviews, audit reports, and HMIS or comparable data bases. If MaineHousing determines that a grantee has not complied with a program requirement, MaineHousing will give the grantee notice of this determination. MaineHousing will offer technical assistance and give the grantee an opportunity to demonstrate, within the time prescribed by MaineHousing, that grantee has complied with program requirements. If the grantee fails to demonstrate to MaineHousing's satisfaction that the activities were carried out in compliance with program requirements, MaineHousing may take one or more of the following actions:

- provide additional technical assistance and training opportunities;
- instruct the grantee to submit and comply with proposals for action to correct, mitigate, and prevent noncompliance with program requirements;
- suspend disbursement of funds for some or all activities;
- reduce or terminate the remaining grant and reallocate those funds to other grantees;
- disqualify grantee from participation in the Performance Share or future ESHAP; and
- require grantee to repay grant funds.

Application Selection

Following the application submission deadline, MaineHousing will separate applications from previous ESHAP providers (“Renewal Applications”) and new applications (“New Applications”) and consider selection using the processes detailed below.

Renewal Applications

Renewal Applications will be considered based on the Risk Assessment scores from the Applicant's most recent annual monitoring. Each year MaineHousing conducts a Risk Assessment on ESHAP providers which determines each project's overall potential risk to the overall Emergency Solutions Grant, of which MaineHousing is the Recipient, and Applicants are subrecipients. The Risk Assessment scores ESHAP providers on a 0-100 scale, with 0-30 being considered Low Risk, 31-50 Medium Risk, and 51-100 considered High Risk based on a number of factors outlined in the MaineHousing ESHAP Monitoring Tool, which can be reviewed here- <https://www.mainehousing.org/docs/default-source/homeless/homeless-initiatives/monitoring/blank-monitoring-tool.xlsx>.

All Applicants with a Low or Medium Risk score in the most recent monitoring year will be approved for renewal. Applicants with a High Risk score from the most recent monitoring year, but a Low or Medium Risk score in previous years, will also be approved for renewal. MaineHousing may attach conditions to the approval of Applicants with a High Risk score, which may be determined on a case-by-case basis.

Applicants with a High Risk score from the two most recent monitoring years will be referred to a Renewal Review Committee ("RR Committee"). The RR Committee will consist of MaineHousing's Director of Homeless Initiatives, Senior Director of Homeless Initiatives, and Senior Director of Finance and Lending. The RR Committee will review the previous monitoring results along with the current application. The RR Committee will consider the potential gap in services that would occur if the application is refused, as well as any progress the Applicant has made to correct deficiencies since the latest Risk Assessment was completed. The RR Committee will issue a decision on whether or not to accept or reject the Renewal Application, and what conditions may be placed on an acceptance, within seven (7) days of referral.

If an Applicant wishes to appeal a rejected Renewal Application, they must submit a written request for appeal within seven (7) days of the rejection being issued. At that time, the appeal will be considered by the Director of MaineHousing. The decision of the Director will be issued within five (5) business days of the appeal being submitted, and that decision will be final.

Renewal Applications with Increased Bed Capacity

Renewal Applications that propose to increase the number of funded beds in their shelter will have their existing bed capacity approved using the Renewal Application process above. New beds will be considered using the New Application process below, but the RR Committee will only use criterion 4 of the New Application Rubric, outlined below.

New Applications

In the case of New Applications, MaineHousing will first determine if the Applicant is eligible under the provisions in the Homeless Solutions Rule. If the Applicant is deemed eligible for ESHAP, MaineHousing will convene an Application Review Committee ("AR Committee"). The AR Committee will consist of representatives from MaineHousing and relevant partner agencies, the Hub Coordinators for the applicable Hubs, and one of the Maine Continuum of Care chairs. If possible, partner agencies in the geographical vicinity of the Applicant will be included on the AR Committee.

The AR Committee will consider the approval of all New Applications based on the need for services in the area of the Applicant, using the New Application Rubric, outlined below. New Applications will be approved if the Applicant will serve an area not otherwise served, or a population not served within their area of

operations. The AR Committee will also consider the impact to the overall funding when deciding which New Applications to approve.

MaineHousing will inform new Applicants of the AR Committee’s decision within one (1) business day of the AR Committee’s review. In the case of Applicants whose applications are not accepted, the Applicant may appeal this decision within five (5) business days of receipt of the AR Committee’s decision. The Senior Director of Homeless Initiatives, Senior Director of Finance and Lending and the Director of MaineHousing will consider any appeals and render a decision within five (5) business days of the appeal being lodged, and that appeal will be final.

New Application Rubric
