### About MaineHousing

MaineHousing is an independent quasi-state agency and a top mortgage lender and affordable housing lender in the state. It is a $1.8 billion financial institution with a staff of 160+ whose mission is to assist Maine people in obtaining and maintaining affordable housing and services suitable to their housing needs.

On an annual basis the agency helps more than 90,000 Maine households and invests more than $300 million in Maine’s economy, most of it from the sale of tax-exempt revenue bonds, private capital generated by the low income housing tax credit, and federal funds.
